Role Summary

Ananya Menon leads demand-planning analytics for the West India distribution network, coordinating with regional warehouse managers to reduce stockout rates and optimize replenishment cycles. She manages a team of two junior analysts and reports on supply chain KPIs during the monthly operations review.

This is a synthetic sample HR record created for software testing purposes (e.g., PII detection and redaction tooling). The name, Aadhaar number, PAN number, address, bank details, and all other identifiers in this document are fictional and do not correspond to any real person.
